

# Energy Transition Innovation Forum

Amsterdam | 15-16 April 2026

Strategy, scale and smart innovation: how to secure resilience and unlock opportunity

# The conference

The Energy Transition Innovation Forum will bring together business leaders, policymakers, investors, and innovators to explore what real strategy and implementation look like on the road to net zero. Held behind closed doors, the forum will feature an engaging, off-the-record programme focused on building resilient and affordable energy systems while scaling the technologies, finance, and policies needed for transformation.

## Key themes

### System transformation and implementation

What real strategy and delivery look like in building resilient and affordable energy systems

### Scaling low-carbon fuels and technologies

The role of hydrogen, renewables, carbon capture, and new fuels in delivering decarbonisation at scale

### Investment and finance

Unlocking capital for infrastructure, innovation and the next generation of clean energy projects

### Regulation, policy and market design

How evolving policy, carbon pricing and grid reform can accelerate or hinder the transition

## 2026 Agenda highlights

- **Smart Grids & Infrastructure** – How digitalisation, electrification, and new technologies are reshaping energy systems and unlocking efficiency gains.
- **Energy Security & Supply Resilience** – Strategies for balancing affordability, reliability, and security while navigating short-term risks and long-term transition goals.
- **Clean Power Generation** – The latest opportunities in renewables, emerging technologies, and pathways to scale clean energy deployment.
- **Finance & Policy** – Where capital is flowing, how investors are pricing resilience, and how policy frameworks must evolve to balance security with decarbonisation.
- **Industrial Innovation** – Exploring technology breakthroughs reshaping heavy industry, from electrification to decarbonisation of cement, steel, and chemicals.
- **Digital Transformation** – How AI, predictive maintenance, and digitalisation are unlocking flexibility, reducing costs, and managing complex energy systems by 2030.
- **Scaling Next-Gen Fuels** – Hydrogen, e-fuels, and emerging options: what's commercially viable, the investment gaps, and the role of policy, standards, and trade in driving adoption.
- **Cross-Sector Lessons** – Practical insights from pilots and early deployments on what's working, what isn't, and where innovation is truly making impact.

# General audience breakdown

Our typical seniority breakdown:

Our expected audience breakdown

- **Energy producers & developers** scaling renewables and low-carbon generation
- **Energy buyers & users** in industry and large corporates electrifying operations
- **Grid operators & system planners** enabling flexibility and reliability
- **Investors, banks & ECAs** financing clean infrastructure and new business models
- **Technology & data leaders** orchestrating digitalisation, AI and grid intelligence
- **Policy, legal & regulatory experts** creating enabling frameworks

## 2026 PARTNERS

## NETWORKING OPPORTUNITIES

Connect with senior manager and C-suite level industry professionals during **six hours** of designated networking during the event.

**DAY 01**

Registration and breakfast **60 min.**  
Morning break **30 min.**  
Lunchtime **60 min.**  
Afternoon break **30 min.**  
Networking drinks **60+ min.**

**DAY 02**

Registration and breakfast **60 min.**  
Morning break **30 min.**  
Lunchtime **60 min.**

**REGISTER AND NETWORK WITH KEY INDUSTRY STAKEHOLDERS**

# 2026 Speakers

**Pierre-Henri D'haene**

**Elia**  
Chief Transformation Officer

**Jermiah Lim**

**Barclays**  
Director, Head of Carbon and Sustainable  
Fuels EMEA, Energy Transition, Investment  
Banking

**Joanna Addison**

**Linklaters**  
Global Sector Lead - Energy Transition

**Zoisa North - Bond**

**Octopus Energy Generation**  
CEO

**Suzy Struckmann**

**Microsoft**  
Energy Program Manager

**Marc Schmitz**

**Rabobank**  
Managing Director

**Tanja Lischka**

**Siemens Energy**  
Director Government Affairs - Energy Policy

**Joachim Koefoed**

**Copenhagen Infrastructure Partners**  
Vice President, Head of Public Affairs,

**Greta Drumstaite**

**Raizen**  
Head of Policy & Advocacy

# 2026 Speakers

**Judson Whiteside**  
StormFisher  
CEO

**Marzia Safar**  
Ofgem  
Deputy Director of Governance for Data & Digitization

**Antonia Vlek**  
ABN Amro  
Director

**Tim van Pelt**  
ING  
Global Co-lead Clean Mobility & Industrial Innovation, Transition Accelerator

**Allan Baker**  
Societe Generale  
MD - Global Head of Energy Transition

**Giovanni Longo**  
Everinvest  
Head of ESG, Sustainability & Climate

**Andrew Murphy**  
Oxford Hydrogen, ex BP  
CEO

**Philip Fjeld**  
eRefuels  
ACEO and co-founder

**Clara Semal**  
National Grid  
Director for European Offshore Developments

# What's different about this forum?

## INNOVATION FORUM IS:

- ✓ **Candid:** Entirely off-the-record discussion that enables open and honest disclosure from speakers and genuine participation from the audience
- ✓ **Practical:** A clear focus on the practical and actionable guidance that can drive change throughout industries and supply chains
- ✓ **Focused:** We provide enough time, resources and expertise to the issues that really matter. We don't skate the surface, but get to the crux of the issues to provide in-depth, constructive discussion

## INNOVATION FORUM IS **NOT**:

- ✗ **A PR platform:** Enthusiastic speakers are NOT given free rein to fill a session presenting their companies, allowing no time to actually get to the crux of the issues
- ✗ **A talking shop:** This is NOT an opportunity for a group people in a room to simply agree with everything said, regardless of outcomes
- ✗ **All promise, no delivery:** We will NOT promise what we can't deliver. The issues covered are complex. They won't be solved at a two-day conference. But we will help deliver progress through in-depth, constructive and practical advice around specific issues

## Testimonials

*"The collective intellect, experience and dedication to frank discussion about authentic change has inspired me enormously."*

*"Enjoyed the content, great speakers, and good conversations in between. Big thanks to Innovation for hosting such a great event."*

*"Really good discussions with concrete examples, best practices, and ways for companies to take this important work forward."*

*"Congratulations on an interesting and well-rounded discussions! I often don't follow all the sessions, but it was clearly the case this time."*

*"It was great to part of the sessions – and so good that there were no ppt's for company advertisements! Great to have some actual discussion."*

**Promote a discussion** that aligns with your values, sustainability credentials and leadership position

**Engage a highly relevant audience of stakeholders** around your sustainability programmes and initiatives

**Boost awareness of your programmes** through extensive exposure in the months around the conference

**Support and drive progress** in supply chain innovation and low-carbon solutions to deliver shared emissions reductions across industries on the road to net zero

## EXHIBITION AND SOLUTION ZONE

The forum will showcase the leading innovations and solutions that assist business in creating net-zero-aligned agricultural and commodity systems that advance the energy transition. These solutions will be positioned in the very heart of the networking area. Exhibitors will make the most of prominent exposure over 6+ hours of dedicated networking time, creating long lasting connections with 150+ decision makers all pre-qualified with specific sustainability challenges in your field.

## STAKEHOLDER ENGAGEMENT AND COMMUNICATIONS

Around the forum, we'll be continuing the conversation through sponsored workshops, roundtables and webinars. Created bespoke, these discussions are designed to strengthen dialogue and build relationships with key stakeholders. These engagement opportunities allow business to utilise IF's reputation and network to ensure key insights into policies, programs and initiatives.
